

## Dear guests,

**... you would like to drop in at our mill soon? We are looking forward to meet you here! Please ...**

- ... settle in advance whom of us will feel responsible for you while you're here.
- ... remember in the spirit of anticipation to bring your own bedding (sleeping bag, bed sheets, etc.) and some food!

If you have things suitable for our free shop, feel free to bring it along. In case you'd like to take things yourself leave some empty space in your baggage :)

**... here you are! Good to see you around! Please ...**

- .... approach us when you are arriving. If you have any questions just turn to your contact person. She or he will orientate you here.
- .... prepare your sleeping site comfortably by yourself.
- ... use the kitchen available in the guest villa for your self-catering. If you would like to use some of our food, please talk to your contact in advance and donate a bit (guideline 4-5 Euro per day) for it.
- ... throw disposable diapers only into the black bin outside of the house.
- ... remember also that there are some dangerous sites here like the water power, the river, the mill buildings, construction sites, the railways, etc.. Please keep an eye on your children!

**We are looking forward to your help** with the upcoming works (construction sites, garden, dish-washing, cleaning, etc.). Just ask us dwellers!

**... your are already about to leave? What a pity! Please ...**

- ... remember - before the rush of departing will be seizing you – to leave all rooms clean and tidy. Broom and other cleaning equipment can be found in the kitchen of the guest villa or in the house. If you have any food left that you cannot or do not want to take with you, please deposit them in the kitchen within the dwellers' house. Switch off the fridge, if you used it and do not leave any groceries inside, please.
- If you stayed overnight we would like to ask you for a donation for running costs including electricity, water, firewood, waste, etc and for the preservation/development of our gueast area. Our guideline per day and person is 5 Euro (more is welcome); children are free of charge.

**... if you would like to stay up to date, sign up for our Mühlen-Newsletter.** Leave your contact details in the list deposited in the guest villa or send us an email to [altemuehle-goemnick@riseup.net](mailto:altemuehle-goemnick@riseup.net).

**Till the next time!**

**\*The dwellers of the mill\***
